
Hands-on Task: Creating and styling a player

In this task you will create and style a player.

Create a new player

1. In Video Cloud Studio, click **Players** to open the Players module.
Click **New Player**.
2. Enter `Custom Player` for the name and click **Save**.

Style the player

3. Click the **Custom Player** link to open the player properties.
4. Confirm the **Player Type** is **Single Video**.
5. Click **Styling** in the left navigation menu.
6. Check **Show title and description**.
7. Select a **Play Button Shape** and **Play Button Position**.
8. Click the **Main** color selector and set the color to a shade of red.

Color Theme

9. Confirm that the color changes are reflected in the preview player.
10. Click **Publish & Embed > Publish Changes** to publish the changes.
