

Towers of The Ennedi

In Towers of the Ennedi, veteran climber Mark Synnott—known more for his far-flung adventures than his technical accomplishments—brings young climbing stars Alex Honnold and James Pearson to the Ennedi to explore its untouched landscapes. Together, Synnott, Honnold and Pearson endure a long, bumpy drive across the sand flats of a godforsaken country to reach an incredible destination: gardens of towers filled with graceful fingers of rock, bottle-shaped formations and lithe arches. With its stark and poetic footage of camels and rock, as well as jarring images of unpleasant travels, this film shows that sometimes you can have just as many adventures trying to reach your destination as you can have once you get there.

Cascada

Tangled vines. Endless rain. Dodgy hotel rooms. Mud. Biting flies. Aggressive viruses...Perfection. Is this a vacation? Erik Boomer, Tyler Bradt, Galen Volckhausen, Tim Kemple, Anson Fogel, Blake Hendrix and Skip Armstrong hunt the remote Mexican jungle for the perfect waterfall...and the perfect shot. Paddler and cinematographer alike explore a world beyond the expected. Cascada.

The Denali Experiment

Free-ride skier Sage Cattabriga-Alosa and big mountain snowboarder Lucas Debari step out of their elements and make an attempt to climb, ski and snowboard Denali. Sage and Lucas get a helping hand from a huge cast of seasoned and professional climbers and ski mountaineers from the North Face Athlete Team, including Hilaree O'Neill, Conrad Anker, Ingrid Backstrom, Jim Zellers, Emilio Previtali and Giulia Monego, as the two embark on the hardest expedition of their lives.
