Hands-on Task: Editing Video Properties

In this task you will edit video properties.

Editing Video Information properties

1. In Video Cloud Studio, click **Media** to open the Media module.
2. Click on the title for the **Brown Pelican** video, locate the **Video Information** section and then click **Edit**. Set the following properties:
    - **Short Description:** `Pelican on the rocks`
   - **Tags:** `birds`

3. Click **Save** when done and then click **Back to Videos** to return to the list of videos.
4. Click on the title for the **http://learning-services-media.brightcove.com/vc-quick-start/oystercatcher.mp4**video,
5. Locate the **Video Information** section and then click **Edit**.
6. Set the following properties:

- ○ **Name:** `Oystercatcher`
- ○ **Short Description:** `Oystercatcher on the beach`
- ○ **Tags:** `birds`

7. Click **Save** when done and then click **Back to Videos** to return to the list of videos.

8. Edit both the **Chickadee** and the **Woodpecker** videos. Tag the videos with `birds`.

9. Confirm the updated videos appear as follows.

	Video	Name	Status	Updated ▼	Reference ID	Created
☐	Page 1					
☐	[0:18]	Woodpecker 4726690919001	✔	1/28/2016 3:47 PM		1/28/2016 3:29 PM
☐	[0:08]	Chickadee 4726694420001	✔	1/28/2016 3:47 PM		1/28/2016 3:29 PM
☐	[0:11]	Oystercatcher 4726694424001	✔	1/28/2016 3:46 PM		1/28/2016 3:30 PM
☐	[0:14]	Brown Pelican 4726694417001	✔	1/28/2016 3:46 PM		1/28/2016 3:29 PM
☐		Clown Fish.mp4	✔	1/28/2016 3:33 PM		1/28/2016 3:36 PM

10. (Optional) Edit some of the animal videos and tag the videos with `animals`.
